

Coronavirus Update

Bank of Yates City is Taking Steps to Assist in Social Distancing Efforts

Beginning Friday, March 20th, our LOBBIES WILL BE CLOSED. In an effort to follow the suggested protocol for social distancing as much as possible, Bank of Yates City is asking our customers to use our drive up facilities, ATM's, night depositories, and Online Banking Services. Debit Cards will function as always for your convenience.

DRIVE-Thru's and ATM's are OPEN

Bank of Yates City hours, services, and commitment to our customers will remain the same. However, for the foreseeable future, lobby access will be available by appointment only for loan and deposit needs, as well as access to safe deposit boxes. As always, call any of our offices if you need any assistance.

Yates City – (309) 358-1415 Farmington – (309) 245-4000

Bank of Yates City has solid business continuity plans and will work with our customers during these unprecedented times. We do this in cooperation with and for the protection of both employees and customers. Again, we want to emphasize that customers will continue to have full access to all banking services. We greatly appreciate your cooperation in the interest of public health and wellness.
